## Street vote Tuesday, air details tonight

Total now \$21,600,888

## County's worth jumps, autos top \$2 million

Hancock County's total as-  
sessment took another healthy  
step up the ladder in 1967--  
gaining almost a million  
dollars--figures from the State  
Tax Commission this week re-  
vealed.

The current total is  
\$21,600,888, including \$70,747  
in oil revenues.

The 1966 figure was  
\$20,681,386, including the oil  
money, according to records  
of County Assessor George  
Holtmann. It's a 4.7 percent  
increase over the 1965 total of  
\$19,728,888.

Only homes in the in-  
crease were in the property as-  
sessment, the rest of the con-  
tribution came from the State  
Tax Commission.

The 1967 property as-  
sessment was \$21,600,888 against  
\$20,681,386 the year before. Motor  
vehicles, included in this  
category, rose \$1,164,807  
county-wide last year.

Real estate value grew from  
\$11,346,038 to \$11,503,945, evi-  
dence of continuing expansion in  
the county.

Also up hoistily was the public  
utility assessment --- from  
\$8,781,368 to \$9,139,304.

Hancock's assessment is  
based on 478 square miles and  
cultivated land is assessed at  
\$16.07 an acre and uncultivated  
at \$5.21.

Neighboring Pearl River  
County with 828 square miles  
had an assessment last year of  
\$21,080,807, including \$287,286  
for oil. It's in Class 2, too,

along with Clarke, Copiah, La-  
mar, Marion and Panola.

Breakdown of the automobile  
assessment from Sheriff and  
Tax Collector Fred Curci show  
assessments for the Bay St.  
Louis school district at  
\$1,348,983; for the Poyunco  
district \$28,154; for Bay St.  
Louis city, \$603,887; Waveland,  
\$310,690; minimum program  
\$820,717; Boat 4 bond issue,  
\$247,137 and Boat 5, \$1,480,536.

The question of who's going  
to foot the bill for operation of  
the new sanitary landfill at  
Jackson Ridge was raised again  
before the board of supervisors  
Monday by Mayor John A. Scalf-  
fido of Bay St. Louis and a con-  
ference with Waveland authori-  
ties was called for 10 a.m.  
Wednesday, March 6.

Since the fill was opened  
last July through Feb. 15, Bay

St. Louis has paid \$2,482 for  
its operation, the mayor said in  
presenting an itemized account  
of bills. "Bay St. Louis never  
intended to nor can it continue  
to pick up the whole tab," he  
declared. He complained that  
while money is being spent at  
the fill, there doesn't seem to  
be any over-all administration.

Scalfido recalled that the  
previous board of supervisors  
had agreed to pay one-third of  
the bill. Supervisor C. A. Russ,  
III, of Boat 1 suggested his col-  
leagues check the minutes with  
the board attorney before decid-  
ing what to do. At the Dec. 4  
meeting, the board had suggest-  
ed taking up one-third of the  
cost if Bay St. Louis and Waveland  
would put up the balance.

There was some objection to  
that rule, however, because the  
county had spent \$80,000 on the  
landfill for the fill.

The Jackson Ridge fill has  
been cited as the second best in  
Mississippi, Mayor Scalfido said  
he was informed by a re-  
presentative of the State Health  
Department who inspected it  
recently. The Louisiana fill is  
considered the best.

Boat 5 Supervisor Russell  
J. Ellis said he was well aware  
of the fill. He said the new in-  
spection. Already one dumping  
area in Bay St. Louis has been  
eliminated through use of the  
con Ridge landfill, he noted.

Ellis said he expects to see  
the fill himself in October.

Whether to pave or not to pave Bay St. Louis' streets will  
be determined by the voters Tuesday, choosing one of the most  
important questions in the city's history.

Two propositions will be on the ballot--one for a \$475,000  
general obligation bond issue, the other for a \$500,000 issue--  
and approval of the pair will enable the city administration to  
finance a 20-year street resurfacing and major drainage program  
estimated to cost \$975,000. It's the same question that failed  
to win a 60 percent majority last December.

Voting between 7 a.m. and 6 p.m. will be at the three  
precincts. North and South Bay will vote on the ground floor  
of City Hall, West Bay, serving the recently annexed area, votes  
in the front foyer of Bay Senior High School on Blue Meadow  
Road.

There are about 3,000 qualified voters eligible and both  
those for the bond issue and those against have been exerting  
every effort to get more than the 50 percent who voted last  
Dec. 23 to the polls this time. Anyone who registered by last  
Nov. 5 is qualified. Absentee ballots are available at City Hall  
and must be returned by 48 hours after the polls close.

The citizens advisory committee has called a public meeting  
to explain all details for 8 p.m. today in the auditorium of Bay  
Junior High School on North Second Street.

Joseph G. Richard, Jr., of Richard and Associates, Baton  
Rouge consulting engineers who have designed the program, will  
be on hand along with Mayor John A. Scalfido and City Commis-  
sioners J. Cyril Glover and Warren Traub.

The advisory committee met Monday night to discuss strategy  
for the final week before the bond election and how to combat what  
they termed to "mis-information" being circulated about the  
street paving and drainage propositions.

Richard arrived in Bay St. Louis Monday and has been making  
a door-to-door visitation ever since to explain to as many voters  
as possible what is entailed in the bond proposals.

Paving of 20 miles of streets with long-life pavement base  
and black top is estimated at \$475,000. "Theoretical design per-  
iods for the pavement is 20 years before a major resurfacing  
program will be required,"

Richard says in the pamphlet  
he is distributing.

Construction plans will per-  
mit the contractor to bid an al-  
ternate, but equal, pavement de-  
signs of either hot-mix asphaltic  
concrete base or soil-  
cement base. Pavement is pro-  
posed on those streets which  
are now unpaved or badly dam-  
aged and where all utilities  
(water, sewerage and gas)  
outlet. "Traffic will be provided  
for without requiring addition  
street rights of way."

The program carries  
\$124,780 for major drainage  
and \$181,000 for street drain-  
age, as outlined by the engineer.

Immediate drainage im-  
provements will eliminate the  
major causes of flooding and  
conditions that now cause the prob-  
lem.

See busy time  
as homestead  
filing is slow

Applicants for homestead  
exemption had better get busy  
if they're going to file before the  
April 1 deadline, County Asses-  
sor George Holtmann warned  
this week.

Based on 516 applications  
processed in February and  
about 1,500 in January, Holt-  
mann estimated the fill has  
about 1,700 to go.

Anyone filing for the first  
time should bring the deed to his  
property and everyone must  
show their Mississippi auto tag  
number to be eligible, the as-  
sessor reminded.

ZONING CHANGES  
The city planning and zoning  
commission has adopted a public  
hearing for 7:30 p.m. Tuesday  
at the city hall to hear  
objections to the zoning  
changes in the city of  
Bay St. Louis.

APPOINTMENT  
The Hancock County Board  
of Supervisors will meet  
at 10 a.m. Tuesday at the  
city hall to hear objections  
to the zoning changes in  
the city of Bay St. Louis.

The Waveland dog catcher,  
John Ory Bourgeois, has been  
advised that his services are  
no longer required. As the ter-  
mination will not become ef-  
fective until ten days after no-  
tice is given, he has been in-  
structed not to pick up any more  
animals between now and then.

The move was taken by  
Waveland Town Council last  
Wednesday after a delegation  
of about 15 taxpayers spoke on  
proposed ordinance.

The motion carried 4-1 with Alderman Da-  
minet voting against it. The  
motion was for the group  
were Larry King and Legna  
McConnell.

Conceding that the ordi-  
nance was adopted but the  
enforcement was not as obvious  
intended.

They complained the dog  
catcher spent too much time  
picking up pet dogs, many with

collars and tags, and ignored  
strays and sick-looking animals.  
The reason advanced was that  
he made money off people com-  
ing to reclaim their pets, and  
through fines, but none off  
strays.

The second item of con-  
sideration was that some dogs  
had allegedly been destroyed before  
a sufficient time had elapsed  
in which to ascertain whether  
or not the dog had been found.

Town attorney Leslie Cox,  
Jr., is to seek professional opi-  
nion from Dr. Robert Albert,  
Bay veterinarian, on minimum  
time lapses required to show  
evidence of rabies and into state  
requirements regarding man-  
agement on dogs.

He agreed with several  
members of the delegation who  
said a local chapter of the So-  
ciety for Prevention of Cruelty  
to Animals would be the best  
solution.

## Skin games, et al

# Fear AAA blacklist

The American Automobile  
Association, may blacklist U.S. 20  
through Hancock County if law  
enforcement authorities don't  
find some means of keeping  
"chick games" and the like  
out of the area, the AAA  
executive, Edward Fred Cost  
warned the board of supervisors  
Monday.

Costing an investigation  
on extensive establishment only  
two to the property owner, the  
executive explained. He said he  
was conferred with District At-  
torney Boyce Holman, Chan-  
cellor William Hovins and even  
Attorney-General Joe T. Pat-

terson on how to proceed.  
Albert Noe, assistant  
district attorney, noted that  
prior to the legislation of al-  
cohol beverages, the AAA  
had a lot of power in the  
state, but he pointed out that  
the AAA will have to prove  
the case across to Hancock  
County and go into Chan-  
cellor Court with the complaint of a  
"common nuisance."

Some letters of complaint  
have been received of establish-  
ments near Pearl River and No-  
e noted they may be across  
the river. Tourists, he ob-  
served, don't always have the same  
tastes.

The witnesses are smart  
enough not to deal with local  
people but only to go after the  
tourists with new signs on their  
cars, Noe said. Cost said  
these signs of five pounds of  
weight for \$1 last year to the  
visitors but the practice is going  
to hurt the old time public  
business along the highway,  
they said.

Cost noted that taking the  
information route will go against  
the property owner who is  
usually a local citizen. Noe  
replied that fooling in Harri-  
son County had reached the  
stage where property owners  
didn't object to closing the ques-  
tionable places.

Supervisors expressed con-  
cern over the matter and  
pledged their support of the  
district attorney's efforts to keep out-  
side business from the county.  
Noe said the county will probably  
get an order from Harrison  
County and New Orleans where  
establishments are in force. "This  
looks like a good place to go  
people," he observed, "just  
midway between the two."

## FOR THE STREET AND DRAINAGE BOND ISSUE

Let's get behind the bond issue and take a step in the right direction to get our streets in good condition again.

We've suffered too long already because the condition of our streets has disrupted business and practically paralyzed the normal growth of Bay St. Louis.

While we all realize it would be ideal to have everything taken care of with one bond issue, have all the work done and out of the way, we have to start.

"A journey of a thousand miles begins with one step." Let's take that step by voting YES on March 5.

### Beta Club visits Jackson

Hancock North Central High School's Beta Club visited state legislature last week with their faculty sponsor, Bob Hubbard. On trip were, from left, front, Carol Wickom, Gwen Shaw, Miss Barbara Kinnebrew, faculty advisor; Diane Sims, Sandra Cuevas, Debbie Herbert and Frances Moran; second row, Barbara Moran, Betty Sue McNeese, Gale Polunsky, Evelyn Malley, Thelma Ladner and Michael Treat, back row, Mike Ladner, Clark Ladner, Dennis Peterson, Darryl Malley, bus driver; Warren Moran, Larry Lind and Eddie Favre.

### Recruit again for Job Corps

Mississippi State Employment Service in Gulfport has resumed recruitment and processing of eligible young men between 16 and 22 for the Job Corps. New applicants who are interested in furthering their education and learning a

vocational skill are advised to contact Mrs. Victor Frankiewicz or Mrs. John Duggan in the Hancock County welfare office.

All of those youth who have filed application for the Job Corps, but who have not yet been selected for training are to report to the Employment Service office in Gulfport.

### Bruce Cox notes leap year birth

Bruce Cox will be 20 years old Feb. 29. Because it is leap year, this will be only his fifth real birthday. So Bruce will celebrate with five candles on his cake.

Bruce's little brother will celebrate his birthday exactly one week away. What makes Scott think it's so great. He is going to have six candles on his cake.

## Teen Times

Bay High students could not have enjoyed their Monday and Tuesday holidays any more had not the school started bright and early Wednesday morning. Students' stamps were, more fortunate as they were freed from classes until Thursday 8 a.m.

The Tigordome was once again the place over the week-end as the Tigordome Tikes in their blue and white AA girls' basketball uniforms had a terrific cold but didn't allow it to interfere with their action on the court.

On the last night of the party group of the city final party with past kings and queens, including in to purchase refreshments at Pappy's. Lower Bay St. Louis, Friday night, was a festive occasion with the girls turning up gowned long.

John, really dressed in P.L. and wonder if his golden locks have grown yet? Is it just a rumor or did Barbara and Danny paste their stickers on his forehead? Is that the reason Debbie seems to have lost interest in her studies?

Chunara seems to be the member Bay High chorus members have adopted as their home soul.

Is R.B. attracted to K.P. who is Ruff's current heart interest?

We've been hearing that W.N. has been having some party parties recently. Big Mike has his car painted and is now a shiny black. Did he share her Valentine with S.M.?

Edith and Virginia have been busy working out problems the last few weeks.

Tommy Martin would like to hear from friends in the Bay. His address is 210 Royal Lane, Santa Ana, Calif.

Is Barbara acquainted with Ralph? Does he have a correspondence with her? Darome, Barbara, may show her works of art now on display at the Art Gallery. Of course, they're signed with her name, Jeanne Dolaray.

Debbie and Bobby (B.B.) had a wonderful time at the last C.Y. dance.

Where was Pam when Ricky was trying to call her last Sunday?

Some names on the going steady list include Jean and Mike, Linda and Terry, Terri and Junior, and Mike and Judi and Curtis.

S.R. and V.D. have been steady for over six months.

What has been worrying Mary? Does she know how to lighten out such little difficulties?

Hella Duck! Someone still has you happy the fact that she chose to spend Carnival in New York.

## J.C. Broad

Funeral services were in New Orleans Monday for J. Charles Broad, Jr., 64, a lifelong resident of that city and Waveland. He died Friday following a brief illness. A graduate of Tulane University, he was a member of the First English Lutheran Church.

He is survived by his wife, a daughter, Mrs. Linden Marchand of Houston, Tex., one sister, one brother and three grandchildren.

Religious rites were at First English Lutheran Church with burial in Lake Lawn Mausoleum.

## F.J. Peterson

Florian J. Peterson, 69, of Dedeaux died at 1:55 p.m. Saturday at Gulfport Memorial Hospital where he had been a patient for several hours.

Mr. Peterson, born July 4, 1898, in Fenton, was a pipe fitter for Alabama Dry Docks and Shipbuilding Company, Mobile.

Survivors are his wife, Mrs. Margaret Raulin Peterson, Dedeaux, a son, William Joseph Peterson, Gulfport, three daughters, Mrs. Flora Jones and Mrs. Margie Ladner, Pass Christian, and Mrs. Juanita Brown, Jackson; 18 grandchildren, one great grandchild; four sisters, Mrs. Theresa Kee, Lumberton; Mrs. Dolena Strohauser and Mrs. Elvina Dubuisson, Pass Christian, and Mrs. Corrine Mammert, Heightsville, Md.

Services were Monday morning in Pass Christian, with Rev. Orville Cunningham, pastor, First Methodist Church, and Rev. Lucien Cowan, Hattiesburg, officiating. Interment was in Fenton Sand Hill Cemetery.

## Emile Williams

Emile Williams, 84, native of Kiln, who lived in Bay St. Louis for the last 47 years, died at 11 p.m. Feb. 23 at Hancock General Hospital.

He was a member of the 100 Men's Society and a Baptist. Survivors are his wife, Ellen Brown Williams, a son, Ivory Williams, New Orleans; a daughter, Mrs. Wilhelmina Osbourne, 11 grandchildren and 20 great grandchildren.

Services will be at 2:30 p.m. today from First Baptist Church, Third and Sycamore Streets, with interment in St. Mary's Cemetery.

The bill has now been sent to the House of representatives where a similar procedure will follow, either upon the Senate bill or upon one which has been introduced in the House.

## Police recover stolen pistols

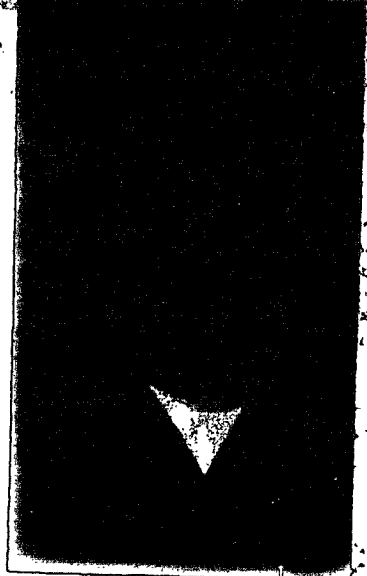

Two revolvers reported stolen from T.O. & Y. Family Center on Feb. 18, have been recovered from homes of two Negro suspects, both in Hancock County jail on other charges.

Willie Howard Dorsey, held on the theft of an automatic shotgun, was given six months in Hancock County jail and fined \$100 after pleading guilty of theft of one revolver before Justice of the Peace Nellus Rhodes. He was bound over to the grand jury for grand larceny of the shotgun.

The other Negro, a 15 year old juvenile, in whose home the other pistol was found, was heard in youth court yesterday, charged with breaking probation and possession of the stolen revolver.

## Jackson report

By Rain, Lonnie Smith

Floor action increased in House last week as committees reported out bills for consideration of the full membership. Once the reports are made, the bills are placed on a calendar and may be called up for action at any time the committee chairman or any representative interested in the bill desires.

One bill which was passed by the House could affect the redistricting of county supervisors districts. Heretofore the board of supervisors has provided that in order to redistrict the five districts in the county, any proposed plan must be approved by all the members of the board. House Bill No. 102, approved by the House last week, would allow a redistricting plan to be put into effect upon the approval of three members of the board. This provision in the bill regarding the election of supervisors by the county board would remain in the law.

Another bill which passed the House by unanimous vote would provide for reflectorized license tags beginning with the letter 'B' to be purchased in 1969. Most states have already adopted this law provision for car tags. National safety councils have recommended this 'B' tag for several years. Many years experience reflectorized tags resulting in fewer accidents on the highways. Other tag lights will not work and the driver does not know that they are out of commission. A companion bill passed with light opposition, which would add an additional cent to the cost of license tags to cover the expense of putting the reflectorized material on the tags.

The House Education Committee continued study of the Governor's education bill. The bill as amended and passed by the Senate was referred to the committee at the end of the session. It is hoped that some revision can be made on the bill at the next session.

As of Feb. 1 night telephone rates will apply to station calls paid, calls from 4:30 p.m. to 11 p.m. This is in accord with the interstate toll schedules adopted by Southern Bell and approved by the Mississippi Public Service Commission.

Long distance calls will be charged at a rate of 7 cents per minute, or 49 cents for a 7 minute call. Station calls will be charged at a rate of 10 cents per minute, or 70 cents for a 7 minute call. The new schedules will result in an annual saving of over \$100,000 to Mississippi's telephone subscribers.

The National Assn. of Regulatory Utility Commissioners in Washington, D.C., Jan. 8 meeting, reported that this was the first time to give approval of the revised tolls.

property damage and inconvenience, Richard declares. Similar projects include 8 miles of drainage pipe intersecting and 6.4 mile major drainage pipe. Major pipe includes the location of surface drainage Main Street from Second to Beach and now the surface system will be utilized from Tullahoma to South Bay. Mayor Schaefer commented that this will pick up the drainage causing much trouble in the first place. Car-A-Venue.

Work includes elimination drainage pipe restrictions without the city by addition replacement of about 8,000 foot large pipe. These improvements are designed to reduce the drainage to less than once a year and estimated life exceed 50 years.

Side ditch drainage and correction of pipe deficiencies by the streets and outlet excavation is proposed. Work on this project will be performed by the city county aid as funds and permit become available.

Before observed Wednesday some confusion seems to arise over the engineers' cost estimates made public last fall and subsequent re-evaluation when City Hall and the city committee elected to a 20-year street route. To cope with borrowing, re-surfacing streets in Bay and some in Bay St. along with paving of railroad crossings were included. This provided \$52,000 was added to the street construction program to put it on a 20-year life basis.

Not one street will be built for this program for five years only," Schaefer asserted Tuesday.

With the rising cost of living and its effects on municipal governments, Schaefer turned to records on the 1955 bond issue defeated by the voters for the waterworks system for the Engineers' construction note of that time was \$3,000 which the system in 1955-19 years later--\$1.2 million. Its scope is for today, he noted, with 2,300 customers against 12 years ago.

Opposition to the bond issue began last year, particularly from those citizens which lack your sought unsuccessfully to convert Bay St. Louis' of government to the community plan.

Both those for the bond issue and those against are providing transportation to the polls Tuesday for anyone who get there on his own, received money for the trip and a reward for the trip.

With Mardi Gras over most sportsmen will turn their attention to fishing as the heating seasons are a thing of the past, until next year.

March when in cold crabs and floundering with lights appearing out front and up the river, Gulf will be in full swing with warmer weather. Pond fishing will be in good condition. Tourists and anglers are in the making and Cal Smith can help you with your game.

Familiar faces like those of Sydney Proger, C.C. McDonald, Jr., Lee Seal, Dave and Jim McDonald and other local golfers including many women players will be seen regularly.

## Kila victories marked by 100 plus scores

Only two of the four Kila games basketball games scheduled for last weekend were played and both those saw the visitors score over 100 points.

In the first Kila Anthony scored 115-91 and in the second the Kila Stars overcame Dula 105-82.

Of the other two games, the St. Williams vs. Okinawa affair was postponed until 7:30 p.m. tomorrow at Annunciation gymnasium and Trapani won by forfeit over Lakeshore.

In the Anthony vs. Lizann boxing top beardmen were for Anthony, Larry Johnson with 29, Jerry Spell, 22, Leroy Lobo 20 and Sam Allison, 16. For Lizann top marksmen were J.C. Lizann, 29, H. Taylor, 27, J.L. Northrop, 12, and James Bennett, 12.

Bobbie Jones with 30 points in the record book led the list of point getters for Kila Stars in their session against Dallas followed by Sullivan Bell, 22, Clifford Manning, 16, and Billy Bradley, 12. For the locals Buddy Scarborough notched 30, Mike Murphy, 22, Paul Ladner, 19, and Buck Ladner, 18.

## Fire damages Morcier home on Bay Oaks

Bay St. Louis and Waveland fireman assisted by civil defense personnel, battled fire in a home on Bay Oaks Drive for two and a half hours Saturday before bringing it under control.

The fire which apparently started in the roof of an electric stove, was reported by the owners, Mr. and Mrs. A.C. Morcier at 8:10 a.m. Bay Fire Chief Bill Carbone arrived on the scene followed by the Waveland unit. Damage was estimated at about \$10,000 and was mainly confined to the attic of the home.

Carbone said the Bay fire truck carried 10 calls to break down in February. One of those calls was to a home and three-and-a-half hours before being extinguished. He noted that at least 80 percent of those were called by the city police or fire department and visitors will be arrested.

Of course there are a lot of firemen pulling them in and we don't know. If you could like to have your name in this column and the information to Joe Eilers, c/o of Kila Stars, The Sea Coast Echo.

## Enthusiastic bench

Bench crew of Bay High vs. Magee game in girls South Mississippi Class AA girls tourney last week in Tigardome exhibit variety of expressions each calling for some action on behalf of girls actually on boards. Cheering section is, from left, Coach Billy Sills, Dottie Hausch, Janet Kidd, Virginia Webb, Sherry Dean, Mary Lou Gavagnie, Kathy Favre, Susan Ferry, Jeanie Johnson, Christine Everett, Marianna Smith and Noel Phillips.

## State honors next on Bay Tigerette program

Bay High's Tigerettes have earned a berth in the state AA girls tournament this week in Pearl by virtue of their performance in the South Mississippi Class AA girls basketball tournament played last week in the Tigardome.

The previous week the Bay girls had topped top honors in the AA District 8 tourney at Harrison Central, defeating the powerful Pass Christian squad in the final frame.

On their way to the consolation game the Tigerettes beat Magee on Wednesday and lost to South Jones the following night.

South Pike Bearcats beat South Jones 60-40 for

top honors in the South Mississippi AA tilt. In so doing the Bearcats handed the Bravettos their second loss in their last 36 games. The Bearcats' record stands at 32-2.

Tigerettes Ann Perkins and Sally Porter, both all-conference players, were named to an all-tournament team selected at the close of play.

The Tigerettes lost to Canton in the consolation game after a tough outing that finished with a 52-36 score that didn't truly reflect the closeness of battle.

Bay High girls led 14-12 at the end of the first period dropping to 0-5-17 behind count

Rifle unit closes rolls next month

Edward Worling, instructor for the local group of the National Rifle Assn., said this week the closing date for joining the association has been set for the latter part of March. Any boy between the ages of 12 to 19 interested in joining is asked to do so at this time. Worling, chairman of Sons of the American Legion, is also inviting boys who are sons of Legionnaires to join this group.

## Anti-litter week proclaimed for

March 3 to 9

Anti-litter poster contests being conducted in various schools throughout the county. Mrs. Richard J. Ingber, anti-litter committee chairman for Bay-Waveland Club said yesterday. Winning posters will be displayed in stores and business establishments in conjunction with anti-litter week, March 9, one week ahead of the annual spring pilgrimage.

Winners will receive individual prizes as well as having their work displayed. Mrs. Salinger said. The said Boy Scouts will display appropriate anti-litter posters to motorists.

## SCAFIDE, GARNER WIN

Winners of Bay Bridge Club games Thursday night were Miss Amelia Scafide and T. J. Garner. Mrs. Kenyon Harrington and Mrs. Stephen Hastings were second, and Mrs. T. J. Garner and Mrs. Mildred Means, third.

## Pilgrimage stops in Bay on March 13

The 26th annual pilgrimage presented by the Gulf Coast Council of Garden Clubs will come to the Bay-Waveland area March 13.

The first stop on the tour will be at the home of Mrs. and Mr. Dan M. Russell, Jr., 821 Main St., at 10:30 a.m. Coffee and doughnuts will be served at this home of English architecture before a tour of 10:50 of the home of Dr. and Mrs. Robert P. Abner, 700 South Beach Blvd.

### As Bob and Eleanor reign

St. Joseph Carnival ball patrons appeared undimmed by these times over which no one has any control and a eagerly crowd was on hand for the 35th annual fête in the elaborately decorated Memorial Hall. The stage was an Oriental palace with megalic topped turrets reflecting in a pool of the lamp of the stage and the theme, "Kismet," was carried out with music from the show sung by Our Lady of the Gulf Chorale under the direction of Olive (Mrs. John) McKenna. Brilliantly and elegantly performed appropriate maneuvers for the celebration of King Bob Wade and Her Majesty Eleanor (Mrs. John) Hill. Eleanor was lovely in white gown and crown, the long skirted sleeves and skirt, trimmed in white fur. Her crown was a simple, elegant, which was ably handled by Sam Favre and Mr. Ed Arnesen, was yards and yards long and featured a jewel encrusted crown in the center. The maid's names will be mentioned in the social write-up of the affair, as we won't attempt to list all 16, these rainbow hooded parakeets and carried beautiful cascades of pale lavender. In this instance, they were, a a always, escorted to their duties, in this instance, all happened to be their husbands, before notably marching to bow to the king and queen and assume their assigned places before the throne. It could also be a quite impossible to begin naming these people, as just about everybody imaginable was there. Just a few familiar faces were missing as they were in Tigardome cheering the Tigardome was lost in the semi-finals, but hope to do better in state competition in Jackson next week.

### Congressman is honored

A large group of Hancock Countyans took in the dinner honoring Bill Colmer at Edgewater Gulf last Tuesday night. Just a few attending included Caroline Kiefer, Ruth and Fred Carot, Marion and Russell Elliott, Darlene and Elliot Casanova, Nancy and Charles Rasm, Mary Alice and Joe Benvenuti, Mat and Nellus Rasmussen and Gerri and Sam Benigno.

Six hundred and ten Humble Oil employees from Mississippi Alabama Georgia and Florida converged on the Edgewater and Broadview Beach hotels on Feb. 14 and 15 for their big convention. Joyce and Joe Bermond from Main Street Enco Station and Joyce and Bill Moore from Bay Enco had a wonderful time taking in the big ball Thursday night, biggest Friday and lots of entertainment in the interim. Joyce Bermond won a lovely sterling candy dish in one of the games offered as amusement for wives in attendance.

### With the ailing

A good wish goes to Mrs. Agnes Johnston, (she's Huby's mother) who is recuperating from emergency surgery performed last week in Hancock General.

Helen (Mrs. Will) Bordages lost her appendix at the same hospital last Tuesday. She's now home and well on the road to recovery.

Another Helen (Mrs. Willie) Merwyn had really had a time since having major surgery last fall. She was back up and about when she came down with a severe cold, and now she's plagued with a bad cold.

Gerdeen Glavin was very happy to return home Sunday after spending over two months, first in Hancock General, then in Veterans hospital in Biloxi.

### Doggie doings

Nothing can get so many more upset than mere mention of the dog ordinance. After a number of happy calls, and one rather venomous one, we decided to look a little further into the Waveland canine laws. Claire (Mrs. Fred) Bougeois found the first such entry dated July 12, 1888. At first it appears to be pretty rough, but the second paragraph omits male dogs, except during what was at that time known as 'dog days,' from July 1 through Oct. 1, when any dog at large was fair game for the town marshal or any duly appointed officer. The next edict was passed in 1889, which explains why the permit is frequently referred to as the 'dog' for that's how it was spelled in that year. The first ordinance mentioned mutilation, but omitted male dogs wearing pants of immolation, and only ordered that loose dogs be picked up, but even then they were allowed five days of grace. Anyway, we're happy that pets will henceforth be a little safer, and those who are annoyed by stray dogs, may have them picked up upon request.

### Gripe corner

More and more frequently we find progress blocked by cars which are parked on the wrong side of narrow streets, usually right smack under No Parking This Side of Street signs; and the one way sign on State Street apparently means absolutely nothing to most drivers. In both of these instances, a few fines would put an end to the nuisance in short order.

Elvira (Mrs. Garry) Rose has been feeling so miserable she'll almost welcome her gall bladder surgery scheduled next week at Hancock General.

In all of the Christmas rush we neglected to congratulate Carlan and Ezell Lee upon the birth of their daughter christened (Cont. on Page 6-B.)

# What Quality Beef Does A&P Sell?

That's a fair question. But not an easy one to answer because we have our own quality standards, different from any other meat merchant.

These standards don't fit exactly the familiar terms you know for grades of meat. As an example, did you know that some beef, graded U. S. Choice, just doesn't meet our "Super-Right" specifications? It's true! You see... we don't buy by grade. We use our own high standards to bring you the best values.

That doesn't mean we don't approve of such grading -- not at all. It just means we're very fussy about the beef we label "Super-Right." It stands to reason we have to be or A&P wouldn't be America's number one meat merchant.

Are "Super-Right" Meats a good reason for shopping A&P?

They're one of many!

James Daniel Lacour

Monti vows

exchanged Saturday

Miss Frances San Monti, daughter of Mr. and Mrs. Frank Monti of Bay St. Louis, was married to James Daniel Lacour, son of Mr. and Mrs. (Luray) D. Lacour of Kenner, La., at a nuptial ceremony at 10:30 a.m. Saturday at the St. Mary's Catholic Church. The bride was escorted by her father, the groom by his brother, Mr. Victor Lacour. Miss Sharon Monti, as maid of honor, and Miss Debbie Lacour, as bridesmaid, were also present. The ceremony was performed by Rev. Kevin Heil, of the church. A reception followed at the home of the bride's parents. Arrangements for the wedding were made by Miss Frances Monti. The bride wore a white gown and carried a bouquet of white flowers. The groom wore a tuxedo. The ceremony was attended by many guests. The reception was held at the home of the bride's parents. The bride and groom are now residing in Bay St. Louis. The bride's father, Mr. Frank Monti, is a well-known businessman in the area. The groom, Mr. James Daniel Lacour, is a graduate of the University of Louisiana at Lafayette. The couple are expecting a child in the near future. The wedding was a private affair with only close family and friends in attendance. The bride and groom are both employed in the oil industry. The bride's father, Mr. Frank Monti, is the president of the Monti Company. The groom, Mr. James Daniel Lacour, is a member of the Lacour family, which is one of the prominent families in the area. The wedding was a beautiful ceremony and a joyous occasion for all who attended. The bride and groom are now starting their new life together in Bay St. Louis. # Against Saints

## Knock-Knock reinforced, Berlin to wear Shamrock

Berlin Lador, who last Wednesday became the ninth University of Southern Mississippi boardman to score more than 1,000 individual points during his time at the college, is to play for Trapani's Knock Knock Club team against the powerful New Orleans Saints.

The two teams are due to do battle at 8 p.m. Tuesday in the Tigerdome with proceeds going to the Hancock County March of Dimes.

The New Orleans Saints mostly consists of Saints football players who, in the off-season, have switched to basketball to keep in shape.

The Knock-Knock are local semi-pro men who play regularly in the Kilt league.

Playing against Samford last week Lador, who is from Nacaise Crossing, put 45 points on the scoreboard to set an all-time USM single game scoring record.

He ended his college career with 1,006 points, passing into the Hall of Fame category with a long shot with only 10:41 remaining in the game. This gave him 40 points for the night and 1,100 career counters.

Berlin connected on 17 of 34 attempts from the floor and scored on 11 of 13 free throws. He surpassed his goal percentage figure of 53.9 with a 54.4 goal from the floor rate for the season.

As an aside, Wendell Lador, Berlin's younger brother, named All-American while at

Hancock North Central, finished the season with 334 points, an all time record at Southern since imposition of the 27-game maximum rule. He also racked up a rebound record with 490 registered for the season, an average of 15.17 per game, although he collected 20 rebounds on Wednesday.

HERE IS A SOLUTION WITHOUT  
GOING IN TO DEBT:

## SELL THE CITY OWNED NATURAL GAS SYSTEM

### REASONS:

1. THE PRESENT GAS RATES IN THE CITY OF BAY ST. LOUIS ARE HIGHER THAN THE AVERAGE OF THE RATES CHARGED BY A POSSIBLE PURCHASER.
2. IF WE SELL THE GAS SYSTEM, THIS MONEY COULD BE USED FOR STREET REPAIRS.
3. IF WE ARE BORROWED "TO THE HILT" WHAT ARE WE GOING TO DO FOR OTHER IMPROVEMENTS?
4. UNDER THE PROPOSED BOND ISSUE NO STREETS ARE TO BE WIDENED, ONLY HALF OF THE STREETS ARE TO BE PAVED & THE DESIGN LIFE OF THE STREET IS ONLY 5 YEARS. WHAT ARE WE GOING TO DO FOR THE TWENTY YEARS AFTER THE FIRST FIVE? WOULD YOU BUILD A HOUSE THAT WOULD TAKE YOU 25 YEARS TO PAY FOR THAT WOULD ONLY LAST 5 YEARS?
5. WE ARE NOT "PROGRESS KILLERS". WE ARE "PROGRESS PROMOTORS". THIS PROPOSED BOND ISSUE WILL KILL PROGRESS FOR THE NEXT 25 YEARS. THIS BOND ISSUE WILL PUT OUR STREETS BACK TO THE CONDITION THEY WERE IN 12 YEARS AGO. IS THAT PROGRESS?
6. ARE WE SO SHORT SIGHTED THAT WE LIVE ONLY FOR TODAY? WITH THIS PROPOSED BOND ISSUE THERE IS NO FUTURE.

ESTIMATED SAVINGS TO THE PEOPLE OF BAY ST. LOUIS  
(CALCULATED OVER 25 YEARS (which is the period of the proposed City Bond Issue))

ESTIMATED SALES PRICE  
OF GAS SYSTEM \$1,000,000  
(If in A-1 condition as purported)

ESTIMATED INTEREST  
(\$8 for 25 years - not compounded,  
Compounding interest on interest  
it would be \$2,062,500)

ESTIMATED AD VALORUM TAXES  
PAID TO CITY BY PURCHASER 250,000  
(Average \$10,000/yr for 25 years)

SEVERANCE TAX PAID BY  
PURCHASER TO CITY 250,000  
(Average \$10,000/yr for 25 years)

ESTIMATED INTEREST SAVINGS  
TO CITY DUE TO ABOVE INCOME  
(calculated at 5% annual  
not compounded) 325,000

TOTAL ESTIMATED

# P.K.'S (Progress Killers) Report

For some time now, anyone who does not agree with City Hall has been given a name. The latest is the P.K.'s. This was indeed a compliment to us, our first. THANKS, City Hall. Several of our fine citizens, who, without thinking, have pressed the panic button. In pressing this button, they are attempting to put a yoke around the taxpayers' neck for the next 25 years. We hope you realize your mistake and correct it on or before March 5th. We hope you realize the grave injustice you are doing to the present and future taxpayers of our City. However, we realize some of you are confused, bewildered and are grabbing at the first and only issue that has been presented to the voters, regardless of the results.

However, there is a program, a very much better program that was worked up by the P.K.'s. This program was worked up by men who do not panic under pressure and that is the reason that this program is so good.

LET'S COMPARE THE WISDOM OF THE P-P'S WITH THAT OF THE P.K.'S:

### P.P.'s WANT:

- \$975,000.00 PLUS INTEREST TOTALS \$2 MILLION
- 25 YEAR BOND
- 29 MILES OF STREETS (WILL YOUR STREET BE REPAIRED?)
- MINIMUM AMOUNT OF DRAINAGE
- INCREASE BONDED INDEBTEDNESS WITH INTEREST FROM \$8,050,000.00 TO \$1,050,000.00.
- EXORBITANT ATTORNEYS FEES
- EXORBITANT ENGINEERING FEES
- 1-YEAR BEFORE REPAIRS START (ELECTION PROGRAM)
- AT LEAST ONE YEAR TO COMPLETE REPAIRS
- SELLING & PRINTING BONDS
- EXPENSIVE ELECTION

### P.K.'s WANT:

- \$300,000.00 PLUS INTEREST OF \$38,250.00
- 4 YEARS, 3 MONTHS DEBT
- 30 MILES OF STREETS
- MINIMUM AMOUNT OF DRAINAGE
- NO INCREASE IN BONDED INDEBTEDNESS
- NOMINAL ATTORNEYS FEES
- NOMINAL ENGINEERING FEES
- WORK TO BEGIN WITHIN 6 WEEKS
- REPAIRS COMPLETED IN JULY, 1968
- NO PRINTING OR SALE OF BONDS & WITH NO INCREASE IN BONDED INDEBTEDNESS
- NO ELECTIONS REQUIRED
